24th September 2026

Dear Year 4 Parents,

Year 4 – D & T Cooking, Pizzas

As part of our Design & Technology curriculum and connected to our Brilliant Bodies topic, Year 4 will be making their own pizzas. The children will gain knowledge of the ingredients being used as well as eating their prepared pizza at the end of the activity.

As part of the process, the children will prepare their own dough and will be using a variety of skills to prepare their pizza such as peeling and chopping their chosen ingredients.

The pizza dough will include: plain flour, yeast, salt, sugar, oil and water.

As part of the design stage, the children will be taking part in a food tasting session. In this, they will be given the opportunity to taste the following: pepperoni, olives, pepper, mushroom, pineapple, oregano, onion, mozzarella and basil. The children will select three toppings of their choice which may then include: tomato puree, mozzarella, cheddar cheese, pepperoni, ham, chicken, basil, pepper, mushroom, sweetcorn, pineapple, onion, tomato or olives.

Please contact your child's class teacher no later than Monday 28th September, if your child has any allergies or intolerances to the above foods.

There is no charge to parents for this activity, as the cost is covered by the school.

Yours sincerely,

Mrs Macdonald	*Mrs Gray*	*Mrs Parle*	*Miss Cummings*
